

It is important to continue reading during the summer months. There is a lot of research which shows that children who read during the summer maintain their reading levels and return to school more prepared for the new term. Reading also helps to develop creativity & imagination. It is a fun & calming activity that will improve concentration & communication skills.

Right to Read at your Library

Check out your local library for details of free Summer Stars events & activities taking place during the summer months. Read 6 books and enter into the draw for exciting prizes !
